Study Abroad:

Initially we were told to create a study abroad policy. We did some research into what such a policy could contain, but ultimately decided that most of what would go into the policy was actually procedure, and as such, is not supposed to be in policy. With the approval of the Study Abroad director, we dropped the project of creating a policy. We were then told that we needed one anyway, but did not get clarity about why, or what need the policy would serve.

Combining 03A10 (transfer credit) with 03A11 (credit by exam and equivalency). We began this process, but the end of the semester cut us off. File is attached.

A note on procedure: A persistent problem that the committee had was making a quorum. This necessitated cancelling a few meetings at the end of the semester. We could not think of a solution to the problem, but maybe future versions of the committee could.
