^{*}Beginning in 2010, ethnicity data has been split into a two question format. The information for 2010 is compiled into the old categories to enable comparison of data across time.

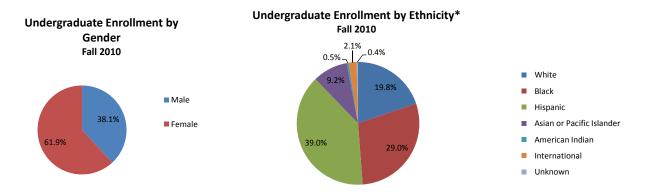

^{**}The large change in the number of International students in Fall 2009 is due to a change in reporting requirements. See Appendix B for more detailed information.

^{*}Beginning in 2010, ethnicity data has been split into a two question format. The information for 2010 is compiled into the old categories to enable comparison of data across time.

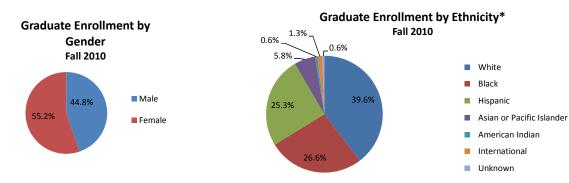

^{**}The large change in the number of International students in Fall 2009 is due to a change in reporting requirements. See Appendix B for more detailed information.

^{***}Total may differ from previous page because a student may have multiple majors but is counted only once by gender and ethnicity.

FTE faculty calculations are based on the total instruction function (13A: instruction and 13B: administrative assignments which directly supplement the teaching function) divided by 100.

Source: CBM004 & CBM008

FTE student calculations are based on 15 hours for undergraduate students and 12 hours for graduate students. The calculation includes only organized classes (lecture,

lab, seminar) taught face-to-face on UHD's campus at One Main Street.

^{*}Beginning in Fall 2007, graduate SCH are included in calculating the FTE students (prior to that only undergraduate SCH were included).

Appendix A - Definitions

First Time in College (FTIC): A student attending any institution for the first time at the undergraduate level. Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school). (definition from Common Data Set)

IPEDS (Integrated Postsecondary Education Data System): IPEDS is the basic reporting series used by the Department of Education to collect higher education data.

Race/Ethnic Identification: The concept of race as used by the Equal Employment Commission does not denote clear-cut scientific definitions of anthropological origins. For the purposes of reporting, an employee or student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging.

Black, **non-Hispanic**: A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

American Indian/Alaska Native: A person having origins in any of the original peoples of North America or who maintains cultural identification through tribal affiliation or community recognition.

Asian/Pacific Islander: A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India and Vietnam.

Hispanic: A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

White, non-Hispanic: A person having origins in any of the original peoples of Europe, North Africa or the Middle East (except those of Hispanic origin).

Undergraduate classification: Undergraduate classification is determined by the number of credit hours which have been completed.

Freshman 0 - 29 hours
Sophomore 30 - 59 hours
Junior 60 - 89 hours
Senior 90 hours or above

Post Baccalaureate Attainment of a baccalaureate degree or higher

Appendix B - Notes

The large change in the number of International students in Fall 2009 is due to a change in reporting requirements. Students who are applicants for permanent resident status or holder of a visa that allows a person to domicile in the U.S. were previously reported as International, but beginning in fall 2009 are reported by their ethnicity.

Beginning in 2010, collection of race/ethnicity data has been split into a two question format. The information for 2010 is compiled into the old categories to enable comparison of data across time.

In August 2010, the name of the Safety and Fire Engineering Technology program has been changed to "Fire Protection Engineering Technology"
