Goal 3 Accomplishments:

- Developed 3 new undergraduate, one graduate program and 15 unique graduate certificates since 2015
  - Established and documented program and certificate approval policies and processes.
  - 100% of degree programs have developed continuous improvements plans and incorporate at least one of the marketable skills in the learning outcomes.
  - Adult population study used to develop competency- based (nested course model) concentrations/certificates for applied degree program.
Gap Analysis Findings & Recommendations

Recommended revisions based on administration and college data.

• Goal 3 Target
  • 22 new credit- bearing, academic and professional degree programs and certificates offered in online/hybrid/ face to face modalities.
    • 4 baccalaureate degrees
    • 6 graduate degrees
    • 12 undergraduate and graduate certificates
Gap Analysis Findings & Recommendations

• Streamline into 3 objectives
  • Objective 1: Expand UHD’s programmatic offerings to a diverse student body meeting the needs of the industry and markets.
    • Targets:
      • 10 undergraduate and graduate credit bearing programs, increasing total program offering to 62.
      • 12 credit-bearing certificate programs, increasing certificate offering to 27.
      • 2 continuing education programs, increasing the offering to 20.
Gap Analysis Findings & Recommendations

• Streamline into 3 objectives
  • Objective 1: Expand UHD’s programmatic offerings to a diverse student body meeting the needs of the industry and markets.
    • New strategies to include:
      • Offer course rotations for a 3-year iterative cycle.
      • Offer blocked schedule for more structured programs.
      • Incorporate field for study in existing and new programs.
      • Develop meta-majors for all undergraduate degree programs.
      • Partner with community colleges to develop 2+2 for new undergraduate programs.
      • Adopt curriculog as the workflow tool.
      • Review and revise academic curricular and other related policies to include innovative programmatic models (4+1) and processes (undergraduate certificate).
Gap Analysis Findings & Recommendations

• Streamline into 3 objectives
  • Objective 2: Enhance and expand online and off-campus programs and course offerings.
    • Targets:
      • Offer 6 additional online undergraduate completion programs, increasing online completion to 21.
      • Offer at least 2 additional online graduate programs, increasing complete online graduate programs to 5.
      • Offer 5 additional active undergraduate program (may not all be completion off-campus) and respective course offerings off-campus, increasing off-campus offering to 20.
Gap Analysis Findings & Recommendations

• Streamline into 3 objectives
  • Objective 3: Continue to assess the core curriculum.
    • Targets:
      • Close the loop on the learning outcomes of the core curriculum
Gap Analysis Findings

Next Steps

• To meet with College deans, industry experts, and other constituents in the college and administration to conduct market intelligence on their commitment to new programs development and online and off-campus offerings.

• To share recommendations with UHD community for their input.

• To more explicitly work on strategies.
