On behalf of the children, staff, and parents at SEARCH'S House of Tiny Treasures, I would like to extend our deepest thanks for thinking of us during this time of year.

As you already know, SEARCH'S House of Tiny Treasures provides stability and structure for homeless children who typically have tumultuous lives. More than just a childcare facility, the program promotes optimum developmental growth for success in school and in life. We provide an environment that enables children to realize their full potential. Homeless parents, without childcare to worry about, can focus on their education and/or job training and are more likely to become self-sufficient, productive citizens.

Your gracious gift of diapers and can food is greatly appreciated. We hope to share many more experiences with you and your organization in years to come. Rest assured, your donations are always appreciated and put to good use. No goods or services have been given in return.

Sincerely,

Mitzi Bartlett
Program Manager
