THE HONORS EXPERIENCE

The University Honors Program is a unique academic option available to intellectually gifted and academically talented students. Honors students benefit from close faculty interaction, engaging Honors courses, personalized advising, and special opportunities for cultural enrichment, preprofessional networking, and study abroad. Weekly study sessions, proactive academic coaching, and access to a wide range of content related resources help promote student success. Honors faculty and staff are dedicated to helping students identify and reach their “big picture” goals whether it’s graduate or professional school, public service or a career.
