

Delete a Run Control

1. **Navigate: Custom Reports – Delete Run Control ID**
2. If necessary, click the **View All** link to make all run controls visible.
3. **Select** run control to be deleted.

The screenshot shows the UHS Finance system interface. On the left is a 'Menu' sidebar with a search bar and a list of navigation options. The 'Delete Run Control ID' option is highlighted, with a callout box labeled '#1' pointing to it. The main content area is titled 'Delete Run Control' and contains the instruction: 'Select the Run Control IDs to delete and click "Save".' Below this instruction is a table with the following data:

Customize Find View All [Grid Icon] First 1-2 of 2 Last	
Run Control ID	
<input type="checkbox"/>	1074
<input type="checkbox"/>	APP_B

Callout box '#2' points to the 'View All' link above the table. Callout box '#3' points to the checkbox for 'APP_B'. Below the table are two buttons: 'Save' and 'Notify'. Callout box '#4' points to the 'Save' button. To the right of the 'Save' and 'Notify' buttons are two more buttons: 'Add' and 'Update/Dis'.

4. **Click Save.**
