1. PURPOSE

To ensure compliance with the Crime Awareness and Campus Security Act of 1990, Title II of Public Law: 101-542 (S. 580), as amended, and named the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” commonly referred to as the “Clery Act.”

2. DEFINITIONS

2.1 Campus Security Authority (CSA), as per [The Handbook for Campus Safety and Security Reporting](#):

2.1.1 A campus police department or a campus security department of an institution,

2.1.2 Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property). Includes individuals who provide security at a campus parking kiosk, monitor access into a campus facility, act as event security or escort students around campus.

2.1.3 Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. If the campus community is directed to report criminal incidents to anyone or any organization in addition to police or security-related personnel, that individual or organization is a campus security authority.

2.1.4 An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

A. Examples of individuals who meet the criteria for being campus security authorities include:

- A dean of students who oversees student housing, a student center or student extracurricular activities.

- A director of athletics, a team coach or a faculty advisor to a student group.
- A student resident advisor or assistant or a student who monitors access to dormitories.
- A coordinator of Greek affairs.
- A physician in a campus health center, a counselor in a campus counseling center or a victim advocate or sexual assault response team in a campus rape crisis center if they are identified by the University as someone to whom crimes should be reported or if they have significant responsibility for student and campus activities. However, if these individuals are not identified as people to whom crimes should be reported or do not have significant responsibility for student and campus activities, they would not be considered CSAs.

B. Examples of individuals who would not meet the criteria for being campus security authorities include:

- A faculty member who does not have any responsibility for student and campus activity beyond the classroom.
- Clerical or cafeteria staff.

2.2 Clery Act: Crime Awareness and Campus Security Act of 1990, Title II of Public Law: 101-542 (S. 580), as amended.

educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).
