CHART: SEMESTER CREDIT HOURS BY TENURE STATUS

NOTES

1. Professor, Associate Professor, Assistant Professor and Instructor are ranked faculty. Lecturer, Visiting Professor, and Instructional Faculty are full-time for one full academic year. Adjuncts are non-salaried, non-tenure track faculty members who are paid for each class they teach. Faculty members on modified retirement are also included as adjuncts, because they are employed part-time.
2. Beginning in 2010, ethnicity data has been split into a two question format. The information for 2010 and 2011 is compiled into the old categories to enable comparison of data across time.
3. FTE stands for "Full-Time Equivalent".
4. In August 2010, the name of the Safety and Fire Engineering Technology program has been changed to "Fire Protection Engineering Technology"
5. Table 1 (Headcount and Average Class Size by Discipline, Lower/Upper/Graduate Division) of the departmental report is not comparable with Table 1 in reports prior to 2008 because the methodology was changed. The methodology was changed to count the lecture and lab components of lecture/lab classes as separate classes, resulting in an increase in the headcount and number of sections in subject areas that offer lecture/lab classes. Previously a lecture/ lab class was counted as ONE class. The methodology was changed because the lecture and lab components are taught as separate organized classes, and counting them separately gives a more accurate average class size. In this report, the data for 2006 and 2007 was recalculated using this new methodology.
6. Lower, Upper and Graduate division semester credit hours (SCH) are based on course numbers.
7. Classes starting in September, October and November (Parts of Term) are not included in this report.
8. The enrollments of sections with composite codes were combined. For example, if CRN 11111 with a composite code of AA had an enrollment of 10 students, CRN 11112 with a composite code of AA had an enrollment of 5 students, and CRN 11113 with a composite code of AA had an enrollment of 6 students, the course would be combined to one class with an enrollment of 21 students.
9. Students from other UH campuses enrolled in courses taught by UHD instructors are included in SCH and class enrollment calculations (MITC). For example, CRN 18000 (course xyz1234, 3 credit hr) was taught by Dr. Smith, a UHD faculty member at Fort Bend. There were 10 UHD students enrolled in the class. In addition, there were 5 students enrolled from UH-Clear Lake in the class. The enrollment for the class is 15 and the SCH is 45.
10. Air Force Science and Military Science credit hours and faculty were not included in calculations for the College of Humanities and Social Sciences nor for the Department of Social Sciences.
