Students pursuing a Bachelor of Business Administration degree major in Enterprise Information Systems at the University of Houston-Downtown are strongly encouraged to complete an Associate degree before transferring to UHD. The Associate degree provides a solid foundation through the traditional liberal arts education, and Associate degree core curriculum courses taken at Lee College will transfer to UHD. Studies indicate students who complete an Associate degree are more likely to successfully complete a Bachelors degree.

The Bachelor of Business Administration (BBA) at UHD incorporates the lower division field of study (FOS) curriculum courses developed by the Texas Higher Education Coordinating Board shaded in gray on the transfer guides. If all or any part of the FOS is successfully completed at Lee College, the courses will be applied to the degree program, and the student will receive full credit at UHD.

A transfer student who has successfully completed all of the common core requirements at Lee College or another institution of higher education will satisfy all the UHD common core requirements. If not all of the common core requirements have been completed prior to the transfer, each core course transferred will be credited and will satisfy the corresponding common core requirements at UHD. Remaining UHD Common Core requirements must be satisfied. All prerequisites for UHD courses must be met.

Courses not listed on this sheet that satisfy core curriculum components (see italicized number) satisfy the equivalent component at the transferring institution or as free elective.
