Students pursuing a Bachelor of Business Administration degree major in Supply Chain Management at the University of Houston-Downtown are strongly encouraged to complete an Associate degree before transferring to UHD. The Associate degree provides a solid foundation through the traditional liberal arts education, and Associate degree core curriculum courses taken at Lee College will transfer to UHD. Studies indicate students who complete an Associate degree are more likely to successfully complete a Bachelors degree.

The Bachelor of Business Administration (BBA) at UHD incorporates the lower division field of study (FOS) curriculum courses developed by the Texas Higher Education Coordinating Board shaded in gray on the transfer guides. If all or any part of the FOS is successfully completed at Lee College, the courses will be applied to the degree program, and the student will receive full credit at UHD.
