Grading with a Rubric
Once you create a rubric, you can link that rubric to an assignment from the Grade Center. For this example we will add a rubric to an assignment.

1. Enter the course, and make sure Edit Mode is set to ON.
2. Scroll down to the control panel on the left, and click Grade Center.
3. From the options that expand, select Full Grade Center.
4. Locate the assignment column to which you want to add a rubric.
5. Click the Action Link, and then click Edit Column Information.
6. Click Add Rubric. You may select an existing rubric, create a new rubric or create a rubric based on an existing rubric. Please see, [DOCUMENT LINK HERE] for assistance with Creating Rubrics.

7. From the Add Rubric window, choose your preferred option.
8. Once you have selected or created a rubric, click Submit.

9. You will see the selected rubric added below the Associated Rubrics box.
