

# BOARD OF REGENTS ANNUAL MASTER PLAN UPDATE FOR UNIVERSITY OF HOUSTON-DOWNTOWN

November 16, 2023

### **MASTER PLAN UPDATE OVERVIEW**

### **Current Master Plan Goals**

The updated Campus Master Plan serves as a tool to align the development of the university's physical campus and facilities with its mission to advance the goals of the strategic plan, "A New Paradigm".

- ✓ Clear sense of identity and improve visibility.
- ✓ Attractive and functional spaces that enhance the student experience.
- ✓ Flexible learning spaces that promote academic excellence.
- ✓ Increase multimodal access to and through the campus.
- ✓ Integrate the campus with downtown Houston.

## **Future Initiatives**

- The Gator Expansion Project:
   4<sup>th</sup> Floor Addition to the Girard Street Building.
   One Main Building renovation.
- Wayfinding Project (Phase II)
   One Main Building Roof Top Signage

One Main Building

## **MASTER PLAN UPDATE OVERVIEW**

## **Building Updates:**

- ✓ Student Wellness & Success Center opened Spring 2023.
- ✓ Final phase of waterproofing, painting and repairing the exterior of the historic One Main Building.
- ✓ Major progress on the One Main Building elevator modernization project.
- ✓ Continue to address planned/deferred maintenance as per the Life Cycle Index.

## **Land Purchases / Real Estate Update:**

- ✓ UHD/UHS remain engaged in discussion with TXDoT regarding the UHS land required for the highway improvement project.
- ✓ UHD/UHS are in discussions with the City of Houston and Harris County regarding UHS land required for the North Canal project.
- ✓ UHD/UHS continues to assess and evaluate available property adjacent to the campus with the intention of acquiring.
- ✓ UHD is actively exploring land development options for UHD/UHS underutilized land to improve parking and resolve other space issues.

### **UPDATED MASTER PLAN**

# Plan Scenarios for Campus Improvements & Expansion:

- Two plan scenarios were required to address the uncertain time horizon of the Highway Improvement Project and the North Canal Project.
- The plans design drivers were based on analysis of future space needs and stakeholders interview takeaways:
  - ✓ Establish defined and recognized campus borders.
  - ✓ Create spaces that foster a strong sense of community and pride.
  - ✓ Simplify the campus circulation and improve wayfinding.
  - ✓ "Gator Green", an active green space along the banks of the bayous to tie the campus together.
  - ✓ Recreational spaces and fields to support student life & wellness.
  - ✓ Improve student parking.
  - ✓ Student housing to create a rich student life experience and a strong sense of community.

#### **UPDATED MASTER PLAN**

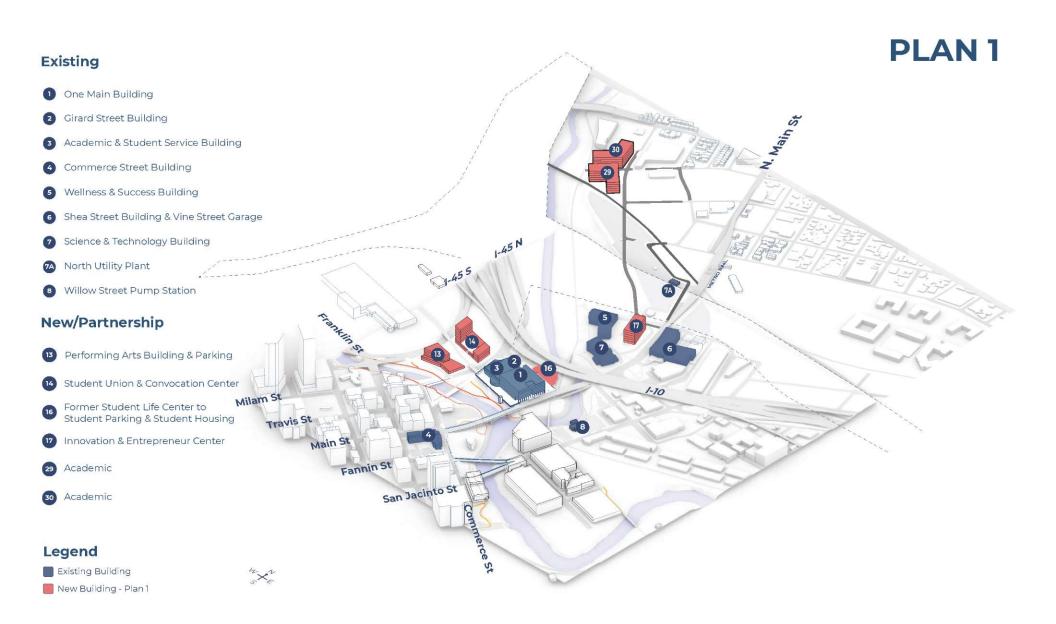

# Plan 1: Existing Landscape

No major construction on the Highway Improvement Project and the North Canal Project.

- Continue campus expansion into the near northside neighborhood.
  - Developed underutilized university owned property.
    - Washington Street Parking Lot
    - Vacant Student Life Center (former recreation center)
    - Wood Street Parking Lot
    - Daly Street Parking Lot
- Acquisition or development partnership with adjacent property owners.
- Continue partnering with the Downtown District and Buffalo Bayou Partnership to create welcoming green gathering spaces.

## PLAN 1

#### **UPDATED MASTER PLAN**

# **Plan 2: Cohesive Campus**

- The Highway Improvement Project and the North Canal Project moves forward.
- Campus expansion east into the Warehouse District.
- Acquire TXDoT surplus land to connect the south and north campus and provide green gathering spaces.
- Develop underutilized university owned property.
  - Washington Street Parking Lot
  - Vacant Student Life Center (former recreation center)
  - Wood Street Parking Lot
  - Daly Street Parking Lot
- Acquisition or development partnership with adjacent property owners.

## PLAN 2
