Comparative data is as of the same point.

This report includes students who are non-resident, located out of state, and taking only online classes that are not to be reported to the state per the THECB's instructions. This change went into effect Fall 2023. Mini Session is included.

In cases of reorganization at the university, the prior years' information is also listed with the current structure to allow easier and more consistent comparison across time.

¹ Enterprise Information Systems (EIS) degree is no longer offered; students who started in that program can decide to complete under that degree or change to the Management Information Systems (MIS) degree. To allow for easier comparisons, a subtotal combining both majors has been added.

² Insurance and Risk Management (RM) degree is no longer offered; students who started in that program can decide to complete under that degree or change to the Risk Management and Insurance (RMI) degree. To allow for easier comparisons, a subtotal combining IRM/RMI both majors has been added.

Note: UHD uses fall numbers as OFFICIAL university figures.

Graduate Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students.

Comparative data is as of the same point.
This report includes students who are non-resident, located out of state, and taking only online classes that are not to be reported to the state per the THECB's instructions. This change went into effect Fall 2023.
Mini Session is included.

Graduate Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students. In cases of reorganization at the university, the prior years' information is also listed with the current structure to allow easier and more consistent comparison across time.

¹ The Professional Writing degree is no longer offered; students who started in that program can decide to complete under that degree or change to the Technical Communication degree. To allow for easier comparisons, a subtotal combining both majors has been added.

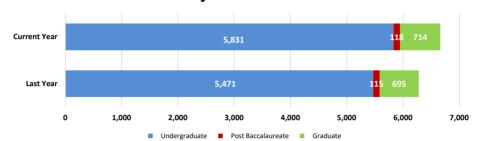

² The Interdisciplinary Studies (BA) degree is being phased out, and students in this program can decide to finish it or change over to the new Education (BA) degree. To allow for more quick comparisons, a subtotal combining both majors has been added.
