

Commencement Guest Ticket Ordering Instructions

1. Click the guest ticket link in your email.

Please click the link below to request your guest tickets.

[Request guest tickets for the 10 a.m. ceremony](#)

2. Enter your unique password, then select the red **Enter** button.
Your password is a combination of the letter A and your UHD 7-digit student ID number.

Letter A + UHD 7-digit student ID number

Example Ticket Passcode = A5678912

The password is case-sensitive (Capital A)

IMPORTANT: Your password is valid for single use only. Once you log in and claim your tickets, it cannot be used again. This means you cannot claim tickets in multiple batches, you must select the total number of tickets you need (up to six) during that single login.

5. Review your order and click the **Checkout** button to claim your tickets.

The screenshot shows a ticket order review interface. On the left, the event details are: "2025-26 External Events", "UH Downtown Graduation", "Fri, May 8, 2026 • 10:00am", and "Fertitta Center". Below this, the order summary shows "5 Tickets (5)" for a total price of "\$0.00". A "Your Search" section lists "5 Ticket(s) • \$0.00 - \$0.00" with a "Change" link, and "General Admission (5)". On the right, a "Total" section displays "FREE" with a right-pointing arrow and a note: "Additional delivery, order charges, and taxes may be applied at checkout". A prominent red "Checkout" button is highlighted with a blue border.

6. If you do not already have a ticket account (attended a University of Houston sporting event), you will need to select **Create Account**.

The screenshot shows a "Sign In" form with a close button (X) in the top right corner. The form contains a "Sign In as Student" button. Below this is a horizontal line with "or" in the center. Underneath is an "Email *" label followed by an empty input field. At the bottom of the form is a large red "Continue" button. Below the "Continue" button is a link labeled "Create Account", which is pointed to by a blue arrow from the right.

- Complete the required fields and then select **Create Account**. Please note that the password does NOT need to be the same as your issued password initially used.
