Mr. Chaney Anderson, worked at UHD from its inception in 1974 until his retirement in 2005. He passed away in September 2011 after a brief and courageous battle with cancer. Although he served with distinction as a member of the Math faculty for a number of years, Chaney will best be remembered for the last 20 years of his career, when he served as UHD’s VP for Administration & Finance/Chief Financial Officer, and Information Technology directly reported to him.

Mr. Anderson was the VPAF/CFO during a period of great challenge for UHD. The University was growing rapidly, and that growth had to be accommodated while UHD faced serious resource challenges. Despite the financial challenges, he remained a strong supporter of Information Technology and under his Leadership, IT grew to become an important and integral part of the University.

Chaney Anderson was widely respected and admired at UHD and across UHS for his many fine personal qualities. In describing him people tended to use adjectives like honest, fair, considerate, hard-working, trustworthy and sincere; values we promote and aspire to live by in IT.
