The Jeanne Clery Campus Security Policy & Crime Statistics Disclosure Act

Jeanne Clery was raped and murdered in her dorm room at Pennsylvania's Lehigh University in 1986. Her killer was later found to be another student.

It was also later discovered that her killer, who lived off campus, was able to gain access to the dormitory by way of a doorway propped open by residents using a pizza box for their convenient access.

Her parents believe she would have been more cautious if she had known about other violent crimes at Lehigh and Congress agreed.
The Jeanne Clery Campus Security Policy & Crime Statistics Disclosure Act

The Clery Act requires higher education institutions to report crime statistics to current & prospective students & employees.

When Do I Have to Report?

You must report a crime if it occurred
- On campus
- On public property adjacent to campus
- On non-campus property owned or controlled by the University or a recognized student organization
- When in doubt, REPORT!
Just Get the Facts

- You don’t have to prove what happened or who was at fault.
- You don’t have to identify the victim in the CSA Report unless the victim is agreeable.
- You should let the person know about options for reporting to the police and provide information regarding medical and other assistance.
- You should tell the person how he/she can report anonymously to the police.
- A person who talks to you may not want to talk to the police—and doesn’t have to.
- If asked, tell the person you must report the incident as an anonymous statistic.
- REMEMBER: The decision regarding reporting isn’t yours!
How Do I Report?

Complete the Clery Incident Report form (http://www.uh.edu/police/CSA) and include:

- When/where/how the incident occurred
- When the incident was reported to you
- Whether the victim/assailant is a student
