University of Houston-Downtown History

In 1974, the University of Houston acquired the assets of South Texas Junior College and opened the University of Houston-Downtown College (UHDC) at One Main Street as a four-year institution. By the end of the 1970s, the Texas Legislature approved UHDC as a distinct university in the University of Houston System.

UHDC focused on meeting the needs of Houston’s diverse and dynamic workforce. The first four-year degree was a Bachelor of Science in Criminal Justice, and resident students paid $4 per credit hour. By the early 80s, it was clear that UHDC was more than a college. It was officially renamed as the University of Houston-Downtown (UHD).

In the 90s, UHD was the state’s third-fastest-growing university appealing to traditional and nontraditional students, as well as working professionals. UHD earned full approval from the Texas Legislature and the Texas Higher Education Coordinating Board to offer graduate programs, beginning with a Master of Science degree in Criminal Justice. The University also expanded its partnerships with Lone Star College (LSC) to offer select degrees and courses at UHD-Northwest, LSC-CyFair, and LSC-Kingwood to create pathways for more transfer students to earn UHD degrees.

In 2016, the Welcome Center opened, and the O’Kane Gallery received a new home for exhibitions featuring local, national, and UHD’s very own student artists. In 2017, a historic $10 million endowment from native Houstonian Marilyn Davies to support the College of Business’ growing programs. In recognition of the gift, the College is now the Marilyn Davies College of Business.

With the addition of more than 17 acres, UHD expanded its campus footprint with the award-winning state-of-the-art $73 million College of Sciences & Technology Building in 2020. The new Student Wellness & Success Center is scheduled to open in 2023.

Recently, UHD launched a Master of Science in Artificial Intelligence (AI) program—only one of six graduate level AI Programs in the state. The College of Humanities & Social Sciences will also be offering Medical Humanities as its new concentration for its Bachelor of Arts degree in Humanities to address the current medical emergencies caused by COVID-19 and answering the need for a humanistic response and vision to the crisis. The Marilyn Davies College of Business’ MBA program maintains its status as the largest MBA in Texas.

Today, UHD is home to more than 15,000 students, boasting over 61,000 alumni and is the second largest university in the city. UHD is recognized nationally as a Hispanic-Serving Institution, Minority-Serving Institution, and Military-Friendly School—indicators of a diverse and vibrant student body—just like the city we call home.
Symbols

The Seal
The University of Houston-Downtown’s official seal reflects the history of the community. It is an adaptation of the coat of arms of the family of Sam Houston, the hero of San Jacinto. The Houston coat of arms is centered by a shield that dates back to the 11th century when William the Conqueror invaded England.

The Procession
Bearing the official mace of the University, the Grand Marshal leads the procession of candidates for graduation, along with the Associate Marshal, bearing the banner of the University. The faculty follow the candidates, accompanied by Assistant Marshals. The official platform party then takes its place, including the Board of Regents and the Chancellor of the University of Houston System or a designee, the President of UHD, and other officers and friends of the University.

The Mace
The ceremonial mace, derived from medieval weapons, acquired academic significance when Queen Elizabeth I presented a replica of her own royal mace to the University of Oxford in 1589. King Charles I made a similar gift to Cambridge University in 1625.

The University of Houston-Downtown mace is a ceremonial symbol of the Office of The President that represents strength and scholastic integrity and is carried by a distinguished member of the faculty. Protocol requires the use of the mace in the processional and recessional of major academic ceremonies.

The University of Houston-Downtown mace is 5.6-feet long with a tapered shaft constructed in walnut. Four, three-inch University seals cast in antiqued bronze are affixed on each side of a rounded square atop the mace, which features a brass finial depicting a round flame. Along the mace’s shaft, five bronze plates feature the words: Excellence, Student Success, Inclusiveness, Respect, Integrity.

Academic Dress
The attire worn in the academic procession reflects symbolism dating back to the 12th and 13th centuries. Medieval scholars resembled the clergy of the era in dress and in some
practices, such as taking vows and shaving heads. Standard costumes in academic settings included hoods and long gowns, perhaps worn for warmth in drafty buildings.

Academic institutions in the United States in 1895 first adopted a code of academic dress, which has been revisited at various times by the American Council of Education, the major coordinating body for the nation's higher education institutions.

While most universities and colleges adhere to the most basic elements of the academic costume code, the guidelines can be adapted for individual institutions. At UHD, for example, bachelor's candidates do not wear hoods. A black mortarboard is worn with a tassel hanging over the right front quadrant of the cap. Traditionally, the tassel is shifted to the left after degrees are conferred.

The gowns worn by master's candidates have a slightly different style than those worn by undergraduates. All master's graduates receive a hood from a representative of their college or academic department. The colors in the satin lining of these hoods traditionally represent the colors of the university. For UHD, the colors are dark blue and red.

The honors cords draped across the shoulders of a gown indicate academic honors. Graduation with the highest distinction—a grade point average (GPA) of 3.80 or higher—is Summa Cum Laude and is represented by combined red and white cords. Red cords indicate graduation with great distinction—a GPA of 3.6–3.79—or Magna Cum Laude. White cords indicate Cum Laude honors or graduation with distinction—a GPA of 3.4–3.59.

Academic dress for faculty is distinctive. The doctor's gown is trimmed in velvet, and hoods are worn with colors that hold significance. The hood lining is in the colors of the college or university conferring the degree, and the color of the binding indicates the degree subject.

Gabriela Medina
Bachelor of Social Work
College of Public Service

Gabriela is about helping others. She volunteers in her community for several Houston non-profit agencies. Today, she is graduating with her Bachelor of Social Work from College of Public Service.

“My motivation to go into social work was my passion to help individuals thrive in difficult situations in their lives,” Medina said.

Her love of social work is evident as she has dedicated her time and talents to community agencies, including the Baker- Ripley Entrepreneur Connection Program, Big Brothers-Big Sisters of America, Casa Juan Diego, Child Advocates, Refugee Services of Texas, and Boat People SOS.

“It gives me great joy to assist others in need and be their advocate,” Medina said. “Giving my time and effort to these programs is very gratifying and something I love.”

After graduation from UHD, Medina wants to earn her Masters of Social Work at The University of Texas at Austin. After earning her masters, she wants to pursue a career as a healthcare social worker. Medina said Dr. Dawn McCarty, Professor and Director of UHD’s Social Work Program, had a great influence on her education.

“Dr. McCarty saw more saw potential in me more than I ever did in myself,” she said “She taught me to be kind and hopeful and opened my eyes to a whole new world of social work”

Medina shares advice for future students, “Don’t give up, even when times are hard,” she said. “If you live in the present, you can realize how amazing our lives are even when times are tough. Appreciate the small things around you, instead of comparing yourself to someone else’s success.”

Sebastian Troitino
Masters of Business Administration
Marilyn Davies College of Business

Sebastian Troitino believes in setting goals, taking action, and making his dreams come true. He also shares some advice for fellow students pursuing their college education.

“It's up to you to create and follow your path for the future,” he said. “Think about what you want in your life or future career, make a plan, then go.”

Troitino has achieved another goal he has set for himself—receiving his Master of Business Administration from the Marilyn Davies College of Business. He earned a Bachelors of Business Administration in May 2020.

The first-generation graduate has quickly put his University of Houston-Downtown degree to work as he is serving as the Digital Marketing Manager at Lee College in Baytown. Prior to accepting the position at Lee, Troitino was the Digital Communications Specialist at UHD's College of Business.

“Everything that I have learned from my professors I have put into practice in my career,” Troitino said. “The education I have received from UHD has been invaluable. This University opened its doors, gave me more than I could ever ask for as a student, and helped me become the leader I am today. It’s because of this that I am proud to be a UHD Gator.”

Troitino said his parents served as his inspiration for pursuing his bachelor's and masters degrees and being the first in his family to earn his college diploma.

“They have sacrificed tremendous experiences and opportunities for me and my siblings to obtain an education,” he said. “They continue to fuel me with motivation, understanding, and unconditional love expecting nothing in return and that is what continues to drive me. I also hope that I can inspire future generations to believe and know that a college education is possible.”

With his MBA in hand and his marketing career off to a successful start, Troitino still has one future goal—teaching in college classroom.

“I want to share my knowledge and experience with future generations. This means that my academic journey will not end after my MBA. I always want to be learning, questioning, and discovering,” Troitino said.
Guest Speaker

Sylvester Turner
Mayor of Houston

Elected in December 2015 and overwhelmingly re-elected in December 2019, Sylvester Turner is serving his second four-year term. He is Houston’s 62nd mayor.

Since taking office, Mayor Turner has expertly managed significant challenges facing the nation’s fourth-largest city, including budget deficits, homelessness, and natural disasters such as Hurricane Harvey. He is currently leading Houston’s response to the COVID-19 global pandemic. Amid national unrest and calls for improving the community and police relations, the mayor signed an executive order restricting the use of force and created a Task Force on Policing Reforms.

As a nationally recognized leader, Mayor Turner is a trustee of the U.S. Conference of Mayors and serves on the Audit & Finance Committee, Chair of Climate Mayors, member of the C40 and Global Covenant for Mayors for Climate & Energy, President of the African American Mayors Association, a member of the Environmental Protection Agency’s Local Government Advisory Committee, and Chairman of the Resilient Cities Network.

Before serving as Houston’s mayor, Turner served for 27 years as the Representative for Texas House District 139. He worked on the House Appropriations Committee for 21 years and served as Speaker Pro Tem for three terms. He was appointed to several Budget Conference Committees to balance the state’s budget and serve on the Legislative Budget Board.

He is also the recipient of the Ohtli Award, the Mexican government’s highest honor. Numerous publications and news outlets such as 60 Minutes, MSNBC, CNN, CNBC, and FOX News have recognized Mayor Turner as a thought leader. The Wall Street Journal, Black Enterprise Magazine, Cuba Today Magazine, Ebony, The New York Times, The Washington Post, and USA Today have also featured Mayor Turner for his leadership and accomplishments.

In March 2020, the University of Houston Master of Public Administration Program honored Mayor Turner with the Pioneer of Public Service Award.

As a life-long resident of Houston, Mayor Turner is passionate about his city and continues to live in the Acres Homes community where he grew up. He is a graduate of the University of Houston and earned a law degree from Harvard University. He began his law practice at Fulbright & Jaworski L.L.P. and later founded Barnes & Turner Law Firm.
