**Importance of this Assessment:**

Effective Fall 2013 college students in Texas, are required to take the TSI Assessment unless, you meet the exemption requirements. After applying to UHD consult with your Academic Advisor to determine testing requirements. Exempt students will receive additional information from their advisor. Non-exempt students will be advised to take any or all of the TSI Assessments: Mathematics, Reading and/or Writing.

The TSI Assessment is a program designed to help UHD determine if you are ready for college-level course work in the general areas of reading, writing and mathematics. This assessment will also help determine what type of courses or intervention will best meet your needs to help you become better prepared for college level course work. Based on your performance on the TSI Assessment, you will be enrolled in a college-level course that matches your skill level or an appropriate developmental course or intervention to improve your skills and prepare you for success in college-level courses.

You are considered ready for college level courses if your score falls within the ranges below for each subject area:  
**Reading:** 351 to 390 **Mathematics:** 350 to 390 **Essay: 5 or Writing:** 363 to 390 **Essay:** 4
